

Design and Supply Limited

Wood Grain

This revolutionary finish is simple, yet effective. The door will maintain the added security level given by a steel door set, while having the aesthetics of a wooden door. The style is perfect for the more professional or stylish establishments, where presentation plays a more sizable role. Modern offices, museums and upmarket apartments are just a few of the areas where this style can be used to its full potential.

The advanced technology at our disposal allows us at Design and Supply to provide this unique finish on all of our doors, including;

- SR2 – LPS 1175 Security Door
- Fire Rated to BS 476 Standard
- Tongue & Groove Style Doorset.
- Acoustic Doors.

This finish is available in a huge variety of wood finishes - Please contact the sales team for more options and pricing.
